LOCAL AND MISCELLANEOUS.

Free Methodist preaching in the Universalist Church next Sunday evening.

M. E. Sunday School at 10 o'clock a. m., and Presbyterian Sunday School at 2 o'clock p. m.

Oil 73c.
Gen. Harry White has placed us under obligations to him for valuable public documents.

Messrs. A. B. Howland and C. H. Ames, prominent citizens of Titusville, were in town yesterday.

The mud has dried into dust and the dust aforsaid is scattered to the "four winds of heaven."

The new moon is away up north, which, according to old prognosticators, means continued cold weather.

Onion sets are in market, and command the modest sum of 28 cents per quart,—and not anxious to sell at that.

Hon. E. Kerr, of Barnett, is to-day announced as a candidate for Associate Judge, subject to Republican usages.

Hon. A. K. Dunkel, Sec'y of Internal Affairs, will please accept our thanks for a copy of his report for the year 1879.

Miss May Kelly arrived home from Cincinnati yesterday, where she has been attending school since last September.

This is the time of year when the young man sees the maiden of his choice in the forests in search of the fragrant trailing arbutus.

Work on the new F. M. Church is progressing rapidly, and the edifice will be inclosed in less than two weeks. The site is a very pleasant one.

Hart, the colored pedestrian, won the match in New York last week, making the best time on record. He got something over \$8,000 for his week's walk.

The Derrick of Saturday says the largest transaction ever made at the Oil City exchange took place yesterday, aggregating 1,478,000 barrels, representing a business of \$1,182,400.

It is stated that all trade dollars bearing the figures "1880" are counterfeit. The government has issued none this year. Yet such a trade dollar has made its appearance. If one be offered you, refuse it.

Several loons have been killed in the river during the past week. Mr. Dingman made a very good shot on one, hitting it on the head at a distance of nearly a hundred yards, with his 3-barrel "Baker."

Hon. J. G. Dale is announced as a greenback candidate for the Legislature, and Daniel Harrington for Associate Judge. Wonder if the latter gentleman will expect a "boost" from the "man with the dirty shirt?"

We see it stated that every post office in the United States is to be furnished with a new instrument—the invention of a signal service clerk—which shows by dials the kind of weather and atmosphere at the time indicated as most probable.

Quarterly meeting will be held in the M. E. Church, East Hickory, two weeks from next Saturday and Sunday, May 1st and 2d, according to announcement made by Rev. Stone last Sunday evening. A cordial invitation is extended to all.

A fire broke out in the building occupied by Carson Bros., jewelers, opposite Einstein's store, yesterday afternoon which might have resulted quite seriously, had it not been discovered in time. The fire seems to have been caused by a spark falling on the roof. A spot about ten feet square was burned in the roof before the flames were arrested. Three minutes more and the building could not have been saved, which, with the high wind would have placed adjacent buildings in imminent danger.

Horse Thief.

Some lively work in the horse-thieving line was performed on Friday last. Since the first of April Jerry Hepler, who lives near Sel. Whitman's, in Tionesta township, has had a young man named Elmer Gill, about 17 years of age, employed on his farm. On the morning of the above date Jerry had some business near Nebraska and went there to attend to it. Returning about noon he asked his wife where Elmer was and was told that he had gone out to do some work on the farm. Not seeing the boy anywhere on the place and finding that one of his horses and a single harness had disappeared Mr. Hepler's suspicions became aroused and he immediately instituted a search. He succeeded in tracking the horse to this place, and at the toll house of the bridge learned that a boy and horse answering the description had passed over and gone in the direction of Hickory. In company with constable Philip Emmet he boarded the train for Franksville, but on arriving there and learning nothing of their man, the two came back to West Hickory where they again got the trail. The boy had been there but an hour or two previous and traded the harness to Wm. Siggis for a saddle. From there he was traced to Fagundas, where he had sold the horse and saddle to some man, taking his note for the same. He was " nabbed " and brought back to this place where he had a hearing before Squire Knox, who bound him over to court, and he is now confined in the bastille.

The boy, up to this time, had been a good worker, and had gained the confidence of his employer. When Mr. Hepler asked what induced him to act in this manner he said he did not know what put it into his head. He said he had intended negotiating the note and skipping the country, but that it was probably the best thing that could have happened him under the circumstances. He had the forethought to take with him a quantity of chop to feed the horse which he had done along the road somewhere. It will doubtless prove a good lesson to the young man. Hepler recovered all his property.

The new Town Council met and organized on Monday evening. J. T. Brennan was appointed Secretary of the board for the ensuing year. A. B. Kelly was chosen Treasurer, and Miles W. Tate was selected as counsel for the board. Dr. J. E. Blaino was re-appointed Health Officer for the ensuing year. Burgess Foreman appointed the following committees: On Finance, Chas. Bonner and Justin Shawkey; on Streets, M. Einstein and D. W. Clark; on Side-walks, Patrick Joyce and J. E. Wenk. The council settled with Mr. Kelly as Treasurer for the past year; also with Messrs. Brennan and Tate, for services rendered as Secretary and Counsel, respectively. The appointing of Street Commissioners was laid over until next meeting. After approving one or two small bills the Council adjourned to meet at 8 o'clock of Burgess.

The Forest National has changed hands, and, it is presumed, will be run in the interests of the Democratic party hereafter. Mr. J. M. Kepler is the purchaser and the first paper will appear next Friday. We understand he intends calling it the National Democrat, whether that means that it will be, like the Irishman's pig, "just partly," we are not prepared to say. In the meantime we wish the new paper success in all but politics. The Greenbackers, while they seem somewhat lost without the paper, say they are better off without it. As to Dr. Coburn, he has got an elephant off his hands for which he no doubt feels duly thankful. Although we have had some pretty spirited discussions in the past year, our business and private relations have been pleasant, and we wish him success in the future.

Mr. D. F. Billig, of President, Pa., was in town on Saturday last looking over the field with a view to starting a select school here when the present term is ended. He saw nearly, if not all the parents, who gave him sufficient encouragement to induce him to come, and he expects to begin about the first Monday in June, having secured the use of the school room from the directors. Mr. Billig has taught in President for upward of sixteen months, and has given eminent satisfaction to the patrons. He comes well recommended as a teacher and gentleman, and will doubtless give good satisfaction to all who patronize him.

Tionesta is soon to acquire two more substantial citizens. Mr. G. M. Kepler and a Mr. Hoskins both of Millerstown, Butler county, expect to bring their families here and become permanent residents of the place. They were up last week to make arrangements, and both are well pleased with our town. They expect to engage quite extensively in the oil and lumber business in this county. Mr. Kepler has been with our people since early last summer, during which time he has gained the confidence and respect of all by his square dealings. Mr. Hoskins is highly spoken of as a first class citizen, and we are glad to learn, is a staunch Republican. We heartily welcome them to our pleasant and flourishing town.

The river hills above town on the opposite side were on fire last Friday. If our forests are to have another scorching like that of last spring, we are in favor of burning a few of the perpetrators, the same as the fires burn our small game, such as pheasants, quail, rabbits &c. These fires destroy more game than all the hawks, owls and foxes put together, because the former destroy an entire nest of 12 or 15 eggs or young birds at once, while the latter catch them one at a time. Besides this large tracts of valuable timber are frequently ruined by the fires. Shoot the incendiaries.

The following item in the Titusville Herald of April 9, is too good to keep. The item was probably stolen from our issue of last week, but, thank heaven, we didn't mix up the names so fearfully: "Dad Smearbaugh and Billy Holings have gone into the pigeon woods of Forest county. The above came to us on a postal card. Now will some gentleman kindly inform us who the parties are? They may be citizens of our city, which has grown so large that we are no longer able to call every resident by name. If they are, it is all right and we feel repaid."

Most of the lumbermen who took advantage of the recent flood to run their wares to Pittsburgh have returned in good spirits. Pine lumber is selling readily at from \$14 to \$18 per thousand feet, while timber ranges all the way from 12 to 22 cents per foot, according to length and quality. This state of prices is calculated to inspire much good feeling in the hearts of those who succeeded in getting their lumber to the creek. Our lumbermen have needed a "boom" in their trade for several years and we're glad to know they have got it.

Adjourned Court was held in this place on Monday, Associates Kerr and Reck presiding. A telegram was received from Judge Wetmore announcing his illness and inability to attend. Approving the bonds of recently elected Constables was the principal business transacted. James Swales was appointed Constable for Tionesta borough, vice Chas. Hinton, who was elected in February, but respectfully "declined the honor."

We have heretofore unintentionally neglected to notice the addition of another valuable citizen to our county, Mr. Hoovler, of Armstrong county, who now occupies the Stow farm, about a mile up Tionesta creek. After traveling all over the western country Mr. Hoovler concluded to settle down in Forest county, which speaks well for the superiority of our county, and shows his excellent judgment.

Chill W. Hazard, commander of the Department of Pennsylvania Grand Army of the Republic, has issued an order fixing Saturday, May 29, as decoration day. The order is issued in accordance with the rules and regulations governing the order, and also the act of Assembly in respect to legal holidays when they come on Sunday, consequently, Decoration day in this State will be on the 29th of May.

Eight barrels of pigeons were shipped at this station last Thursday. Sheffield, leads this however, upward of 50 barrels having been shipped from that place on Monday of last week. Three hundred birds, or thereabouts, fill a barrel. The pigeons are caught near Marienville, this county.

Mrs. Bovard departed for the city yesterday morning to buy her spring stock of millinery goods. She will bring on the finest stock ever brought to Tionesta. Her opening day will be next Wednesday, 21st, and none of the ladies should fail to call and make their selections.

Somebody has started the report that "Col." N. L. Atwood, the main spoke in the greenback wheel in Western Crawford, and about as fair a representative of the pure and undiluted Greenbacker as can be found outside the sand-lots of San Francisco, is about to move to Venango county. —Conneautville Courier.

Burglars entered the store of Robinson & Cornwell, at Stoneboro, on Friday night, but succeeded in getting nothing but four or five dollars in small change. No doubt Dave was out to see his girl when the burglary took place else he might have caught the "chappies."

An effort is being made, with some prospects of success, to get the Courtney-Hanlan-Riley race at Chautauqua lake. —Derrick. They may be able to get the race there, but we know of a half dozen or so, whom we'll bet seventy-five thousand dollars, they won't get.

Just received, Pearl Barley, Plum Butter, Smoked Halibut, fresh Oranges, &c., at Wm. Smearbaugh & Co. 1t.

Business at the Recorders' Office.
List of Deeds, Mortgages, &c., recorded during the month of March, 1880:
